1 **MyWaveHR**

MyWaveHR is the helping hand you need for all your Human Resource needs.

2 **HRconnection**

HRconnection is the most powerful HR communication system available, featuring more ways for you to educate and empower your employees than any other site of its kind.

3 **Benchmark Surveys**

Allows you to determine how your plans and programs compare to other employers across the U.S.

4 **MyWave Community**

Share information and resources via the Community's interactive forum that allows you to post questions to your peers, provide insight into other users' questions, and to track responses based on topics or individual questions.

5 **Collaboration Center**

Two-way document posting capabilities allow a seamless exchange of information sharing and collaboration. Users can download and share documents, make updates, and track a document's history – simplifying updates to reports, worksheets, questionnaires, and policies.

**Note: Your screen may not contain all the services shown in this sample. This screen sample includes all potential MyWave services, in addition to HRconnection, which is sold separately.*
